TURKISH MINISTERS IN HASTE TO QUIT POSTS

Fighting on Turko-Greek Frontier—Montenegrins Fire Into
Scutari; Take 10,000 Turks

SOFIA, Oct. 16.—Bulgaria's
declaration of war against
Turkey was published this af-
ternoon.

ALLIES WERE TO GIVE ULTIMATUM TO TURKEY

BELGRADE, Oct. 16.—Bulgaria
and Greece today are drafting
an ultimatum to Turkey, according
to an announcement. It is asserted
that war will be declared immediately
unless the sultan yields to their demands.

Turk Warships Ready
CONSTANTINOPLE, Oct. 16.—War-
ships are being held in readiness to
sail at a moment's notice.

VIENNA, Oct. 16.—It was announced by Constantinople dispatches that the Montenegrin advance in Albania had been checked. Cettinje dispatches however, state that the Montenegrins were victorious and this report is cred- ited. The Turkish ministers have left Greece, Bulgaria and Serbia without passports.

Heavy fighting is reported on the
Turko-Greek frontier.

TURKS AND ITALIANS HAVE ONLY SIGNED PEACE PROTOCOL

OUCHY, Oct. 16.—The Turkish
and Italian delegates signed the protocol
of the peace preliminaries at 6 o'-
clock last night. It is understood
that the peace engagement will be
officially signed this week. It is stated
in the agreement that Turkey ac-
cepts the original conditions without
the recent modifications. The war
will then stop immediately. Italy
withdrawing from the Aegean islands
and Turkey from Libya. Turkey now
has her hands free in the Balkans.

Fire Into Scutari

The Montenegrin advance guard
mounted batteries on the Shet-En
Hill, overlooking Scutari, last evening
and fired the first shells into this
Turkish stronghold. Hous, the last
fort on the road from Tush, the ob-
jective point of the Montenegrins,
was captured at the point of the bay-
onet, after a fierce artillery duel yes-
terday morning. Ten thousand
Turks are reported prisoners of the
victors. The routed Ottomans aban-
doned their field guns.

Greek Fleet Sails

The Greek fleet has sailed to inter-
cept Turkish transports bringing
troops from Asia Minor. The ad-
mirals have instructions to seek and
destroy the Turkish warships now
cowering behind the forts of the
Dardanelles.

The Turkish Charge d'Affairs at Sofia, Moukhl Bey, was informed that the Bulgarian note will need no dip- lomatic answer. He immediately asked for his passports and ordered his carriage, driving to Bucharest.

Manifesto to Christians

King Ferdinand of Bulgaria and the
King of Serbia last night engaged in
preparing manifestos which will be
issued jointly, declaring the causes
of war and appealing to Christians
throughout the world for support and
a free hand to humble the Turk.

FOREST FIRE IN SEQUOIA'S

FRESNO, Oct. 16.—Raging
apparently beyond control, a
wild fire is consuming the Se-
quoia forest between Trout
Meadows and Little and Big
Kern rivers today.

More than 2000 acres of
forest land have been laid
waste already. A score of rang-
ers are fighting desperately to
check the flames. Desperate
calls have been sent out for
volunteers to fight the fire.

San Francisco Girl Dies After 19 Days of Coma

SAN FRANCISCO, Oct. 16.—
After lying in a state of coma for
nineteen days, Anna Bohlin, who
took gas in an alleged attempt at
suicide because of a love affair,
is dead today despite efforts to
save her by transfusion of blood
from Oswald Schwartz, a waiter.
Although she was an entire stran-
ger, Schwartz tendered his services,
and later refused a check tendered
by the girl's uncle.

Redondo High School Opens Its Own Cafeteria

REDONDO BEACH, Oct. 16.—The
cafeteria opened yesterday at the high
school and luncheon was served to
about fifty students and instructors.
Miss May Mohn, head of the domestic
department, will supervise the cafet-
eria, which will be in charge of the
student body.

Argonaut Passes Away in Redlands

REDLANDS, Oct. 16.—Elijah Ran-
kins, a pioneer of Redlands, passed
away at his home in this city Sunday
evening. He was one of the California
argonauts, having come across coun-
try in a "schooner train" in 1852. He
was 70 years old.

\$20,000 Fire Loss In Compton Yesterday

LONG BEACH, Oct. 16.—Flames in-
flicted damage amounting close to
\$20,000 in the town of Compton yes-
terday morning, destroying four
houses and a store building.

Warlingham Wins Czarwicz Stakes Today

NEWMARKET, England, Oct. 16.—
Warlingham, by thirty-three to one,
won the Czarwicz stakes today. He
is owned by Robert Slevieres.

He Robbed Four Men And Tilt of Restaurant

LOS ANGELES, Oct. 16.—Lining
four patrons against the wall, an un-
masked highwayman robbed them, and
the tilt of the G and W restaurant to-
day, then walked out. Frank J. Crow-
ley was arrested and according to the
police, admitted the crime. He plead-
ed intoxication.

Mrs. Rosenthal On Stand in Murder Trial

NEW YORK, Oct. 16.—Mrs. Herman
Rosenthal, the wife of the dead gam-
bler, occupied the stand in the murder
trial of Police Lieutenant Becker to-
day. She told the story of her hus-
band's relations with Becker in a
calm and unemotional manner. She
said their relations were of the friend-
liest until they quarreled over money.
She left the stand with her testimony
unshaken.

Jury Completed In Case of Textile Strikers

SALEM, Mass., Oct. 16.—District
Attorney Atwill today outlined the
state's case against Joseph E. Bior, Ar-
turo Giovannetti and Antonio Caruso,
charged with killing Anna Lopizzo dur-
ing the textile strikes. The jury was
completed last night.

SAN DIEGO DEFENSE TO BE ADDED TO BY GEN. WEAVER'S ORDER

SAN DIEGO, Oct. 16.—As a result
of an inspection made yesterday by
Gen. Erasmus A. Weaver of the
coast defense branch of the army,
the defense of Fort Rosecrans prob-
ably will be doubled by the addition
of mortar batteries, rapid fire and
long range guns.

The additions, it is understood, will be installed in accordance with plan recommended to the War De- partment three years ago, and will include a battery of mortars and other guns on Point Loma to command the approach to the harbor.

The guns at present at Fort Rose- crans are inside the point and near the water, hence they have no range. This has been considered a serious weakness of the defense at the reservation.

TOO BIG FOR HEARSE

480-Pound Philadelphian Lately Car-
ried to Grave on Truck—Died
in a Saloon

PHILADELPHIA, Oct. 16.—William
Weisser, Philadelphia's biggest man
physically, recently dying, had to be
buried from his saloon because there
was no door in his house large enough
through which to carry the body.
Weisser, who was 52 years old,
weighed 480 pounds. To make things
easy for his family he insisted upon
remaining in a little room back of the
saloon when he became ill and died
there. With almost his last breath he
declared that, if he went upstairs and
died there he would have to get a derrick
to get the body down.

There was no hearse big enough to carry the body and a truck was press- ed into service.

Batteries—New York, Mathewson
and Meyers; Boston, Bedient and
Wood and Cady.

BOSTON, Oct. 16.—A cold, raw
day was experienced for the last
game for the world's baseball cham-
pionship. The sky was clear, but a
stiff, cold wind was blowing. The
Boston rooters chanted "Leslie."

The reports were confirmed that
O'Brien and Wood had a fist fight
following yesterday's game.

Snodgrass Lost the Game
By miffing an easy fly ball in the
tenth round, Fred Snodgrass today
lost New York the championship of
the world and Christy Mathewson
one of his games—the greatest of
games. The Red Sox, hopelessly beat-
en, rallied again in the face of this
ghastly break by the Giants' out-
fielder and finally fought their way
across with the margin of a run,
where, with good support, Mathewson
would have drawn a shut-out. It was
a heart-breaking battle for the old
master, who stood through the game
and through uncertain support as
only a marvel of heart, brain and
arm could have stood.

Game Kicked Away

There never was a game in the
world kicked away as this one was
in the most dramatic finish ever staged.
The Giants, by clean slugging,
had mauled Bedient and Wood for two
runs, with Murray leading each
assault. The last run came in the
tenth inning, when Murray and Mer-
kle tore into Wood for doubles, and
put their people in front again. In
the tenth, with the bases full, Gar-
dner fled to Devore, scoring Yerkes,
and winning for Boston the game and
the world's championship for 1912.

Following is the story of the fight
by rounds:

First Inning

New York—No runs.

Boston—Speaker singled. No runs.

Second Inning

New York—Pletcher singled; Wag-
ner fumbled Cady's throw. No runs.

Boston—Wagner singled. No runs.

Third Inning

New York—Devore walked and took
third on Doyle's and Snodgrass' outs.

Murray doubled, scoring Devore. One
run.

Boston—Out one-two-three. No runs.

Fourth Inning

New York—Herszog doubled. No
runs.

Boston—Gardner doubled, but was
out at third trying to stretch it.

Fifth Inning

New York—Devore singled, was out
stealing; Snodgrass singled. No runs.

Boston—Wagner, Cady and Bedient
fled. No runs.

Sixth Inning

New York—No runs.

Boston—Yerkes singled; Speaker
walked. No runs.

Seventh Inning

New York—Nothing.

Boston—Stahl singled and scored
on Hendrickson's double. Hendrick-
son batted for Bedient. One run.

Eighth Inning

New York—(Wood pitching). Her-
zog singled. No runs.

Boston—Nothing.

Ninth Inning

New York—Nothing.

Boston—Nothing.

Tenth Inning

New York—Murray doubled and
scored on Speaker's error. One run.

Boston—Two.

U.S. CONSUL PROBES REBEL OUTRAGES

DOUGLAS, Ariz., Oct. 16.—Ameri-
can Consul A. V. Dye has returned
from an investigation of the rebel
outrages at Colonia, Morales and
Ysabel, and reports wanton destruc-
tion by the rebels. He is preparing a
report for Washington.

REBELS ROUTED IN BATTLE— SONORA FREE FROM REBELS

DOUGLAS, Ariz., Oct. 16.—A battle
between a marauding band of re-
bels and one hundred federals was re-
ported today. Six rebels were slain,
and the force routed at the Booker
ranch, on the Chihuahuas border. It
is officially stated that the state of
Sonora is now free from rebels.

Local Roosevelt-Johnson For-
ces Carrying on Vigorous, Ef-
fective Campaign

WHEELER IN THIS COUNTY OCTOBER 28

Central Committee to Hold a
Meeting on the Afternoon
of October 26

The Roosevelt-Johnson forces of
Orange county are carrying on an ef-
fective campaign, marked with the
determination of conviction that they
are right. Arrangements for one or
two big rallies in the ten days pre-
ceding the election of Nov. 5 are be-
ing made by S. J. Jackman and W. H.
Thomas, chairman and secretary of
the Republican county central com-
mittee.

Of chief interest is the probability
that Francis J. Heney will be here
for a tour of the county with a big
night meeting at Santa Ana. Final
arrangements for Heney's visit have
been made. Assurances have been
given that he will be here, and at
present the plans are to have
meetings at Orange, Anaheim,
Fullerton and Huntington Beach or
Newport Beach. Heney has never
spoken in this county, and he would
undoubtedly draw tremendous crowds.

Charles S. Wheeler of San Fran-
cisco, one of the best orators on the
coast, is scheduled to speak at the
Grand Opera House in Santa Ana on
the evening of Oct. 28. Wheeler is
one of the two California delegates
who were unseated at the first Chi-
cago convention. He is thoroughly
familiar with every phase of the
great fight, and he is gifted with
power as a speaker that makes him
one of the best campaigners of the
state.

It is expected that Wheeler will be
accompanied by Miss Lloy Galpin, a
gifted woman speaker and leader.

This afternoon officers of the cen-
tral committee are at Orange with
Mary S. Gibson of Los Angeles for
the purpose of organizing a Jane Ad-
ams chorus at Orange. The visitor
is chairman of the Los Angeles Wo-
man's Rally Committee. She arrived
here at noon, and immediately after
lunch went to Orange to meet women
of that city.

The county central committeemen
have been doing effective work in
their various precincts, and Chair-
man Jackman and Secretary Thomas
are elated over the reports that are
coming in. They find that the gen-
eral disposition of all Republicans is
to vote for the Republican nominees
from top to bottom.

The executive committee of the
county central committee held a
meeting Friday afternoon. Chairman
Jackman has called a meeting of the
committee for 2 o'clock on the
afternoon of Oct. 26. At that time
definite plans will be made for the
strenuous work of election day. The
meeting will be held at the central
committee's new headquarters at 418
North Main street. The headquarters
has been fitted up with tables, chairs,
telephones, etc., and is open to the
use of the public. Those desiring
campaign literature can get it at
headquarters.

ROBERT FOWLER TO ALIGHT FROM AIR- SHIP ON OSTRICH

SOUTH PASADENA, Oct. 16.—To
alight from his airship and finish his
flight upon the back of an ostrich,
is the plan of Robert Fowler, the in-
trepid transcontinental aviator, who
will fly over the California-Ostrich
Farm next Saturday and Sunday. The
transfer from the bird of the air to the
bird of the desert is to be made
inside the ostrich farm enclosure.
The Saturday afternoon flight will be
at 2:30 and the Sunday journey at 3.
Another feature of the flight will be
the "rain of feathers" which Fowler
will drop from his biplane as he soars
over the crowd assembled inside.
Each feather will be weighted with a
shot to make it stick where it lights,
also a number. The finder of the lucky
numeral will be entitled to a hand-
some ostrich feather, provided he or
she produces the coupon from an ad-
mission ticket.

JAIL GRUB NOT EXTRAVAGANT AND IS PLENTY GOOD ENOUGH

Yesterday when Refugio Gallon was
before Judge West for sentence—
sixty days for selling liquor at Tustin
—the judge made inquiry as to how
Gallon likes the bill of fare at the jail.

It looked like a joke. Gallon weighs
somewhere around 250 or 275 pounds.
It takes two shirts to make one for
him. After four months in jail Gallon
was before the judge. His shirt fit
him tighter than ever. It looked al-
most ready to pop.

"How do you like the meals over
there?" inquired the judge.

Gallon laughed.

"Plenty," he said.

The judge's inquiry was induced by
reason of the complaint of an attorney
that the prisoners at the county jail
do not get what they ought to get in
the way of grub, that they do not get
coffee, that the attorney had supplied
money with which to buy articles of
food.

Gallon is no sample of the underfed.

This morning two newspapermen,
one of them City Trustee McPhee,
were behind the grating door of the
jail. They were there on a profession-
al visit, not for any act of highbinder-
y or anything of the sort, of course.

The talk drifted to the complaint
about the grub.

"That's the first I've heard of it,"
said Jailer Boynton. "I and my family
eat the food prepared for the pris-
oners right along, dished from the same
vessels. I would not give a prisoner
anything to eat that I would not read-
ily eat myself."

"What is the menu, anyhow? What
do they get?"

"For breakfast, mush with milk and
syrup to sweeten it, hash, bread and
coffee. Sometimes we vary from hash
to fried liver or some other dish."

"For the noon meal, beans, vegeta-
ble soup, bread and coffee."

"For the evening meal, beans or po-
tatoes, bread and coffee."

"We vary the kind of beans served,
using three kinds, limas, white and
pink. They get plenty of fruit, and all
during the summer they have had
great quantities of tomatoes. Coffee

is served with every meal. The pris-
oners in the iron tanks get only two
meals a day. They are locked up all
the time, and the instructions of the
county is to feed them only
twice a day. The men who work get
three meals a day."

The hour was 11:30 o'clock.

"We did not know you were com-
ing," continued Boynton, "and you can
see just what we have." Boynton then
invited the newspapermen to the kit-
chen to eat of the things then on the
stove for the noon meal of the pris-
oners.

The kitchen was spic and span, and
as clean as the most critical could de-
mand. C. S. Hemstreet, the Newport
Beach fisherman serving a sentence
for selling liquor, was in charge as
chief cook. His assistant was a youth
serving time for stealing a bicycle
from Tom Karas, the bootblack. This
assistant showed that his short term
in jail had put eight or ten pounds of
meat on his bones.

"The soup is ready," said Hemstreet,
and straightway two tin dishes were
set before the newspapermen steam-
ing hot with a vegetable soup that was
good enough for any man, and thick
with vegetables, including onions, car-
rots, cabbage, potatoes, chile peppers
and beans.

"The soup is ready," said Hemstreet,
and straightway two tin dishes were
set before the newspapermen steam-
ing hot with a vegetable soup that was
good enough for any man, and thick
with vegetables, including onions, car-
rots, cabbage, potatoes, chile peppers
and beans.

The newspapermen went after the
food with a relish. With greater ca-
pacity, the city trustee, had his plate
finished first and he left the platter
clean, too.

As yet, the system has not been
perfected to the point where it is
thought wise to serve meals to pris-
oners in cut glass dishes and Havil-
and china plates with hem-stitched
linen napkins and ivory-handled sil-
verware decorations, but aside from
that it is safe to say that the pris-
oners of this county are fed substantial
meals, well cooked and absolutely as
clean as could be wished. Perhaps the
meals lack apple pie, jelly rolls,
cream puffs and cranberry sauce, but
then a jail is not supposed to provide
all the comforts of home. Certainly,
this county has no legitimate kick
coming on the treatment accorded its
prisoners.

In First Two Days Tax Collector Banks \$1,500

By the end of this week each tax-
payer of this county will receive
from County Tax Collector J. C.
Lamb a little bill deus, or some-
thing of that sort.

It will be a yellow tax bill in a
yellowish envelope, and it will tell
the person who receives it how much
he owes the county for 1912-13 taxes.

The first installment of taxes be-
came due on Monday of this week,
and on Monday and Tuesday the tax
collector took in about \$1500. The
tax collector urges that taxes be paid
as early as possible, so that a rush
toward the end of the period may be
avoided. He also urges that persons
bringing their tax bills with them. The

simplest and best method of paying
taxes is to write out a check for the
amount due, enclose the check with
the bill and mail it to the tax col-
lector, who will receipt the bill and re-
turn it.

Tax Collector Lamb has given the following notice:

"State and county taxes are due and
delinquent each year in all counties
of the state as follows:

"First installment due second Mon-
day in October, delinquent on last
Monday in November.

"Second installment due first Mon-
day in January, delinquent last Mon-
day in April.

"While taxes are payable semi-an-
nually, both installments may be paid
at time of first payment."

PASADENA TO ASK AT ONCE FOR WATER FROM OWENS RIVER

PASADENA, Oct. 16.—The council
determined yesterday to negotiate at
once for the purchase of Owens river
water. This determination resulted
from the receipt of a resolution adopted
by the Board of City Water Com-
missioners, which follows:

"Resolved, That this board of com-
missioners recommends to the City
Council that application be made to
the department of public service of
Los Angeles for 500 inches of Owens
river water."

This request of the water commis-
sioners is made in line with plans that
have been made by Los Angeles for

the construction of a proposed feeder
line, to extend from San Fernando
through the foothill cities.

GEORGE SOULA MAKES 185 MILES IN 15 HOURS ON STATE HIGHWAY

REDDING, Oct. 16.—George Soula
of Oakland is the first to make the
automobile trip from Eureka to Red-
ding, traveling over the new Hum-
boldt-Trinity state highway between
Peanut and Mad river.

He arrived here Monday evening,
having made the journey of 185
miles in fifteen hours.

Soula killed a big buck from his
car as he was riding through Trinity
county.

As cotton materials shrink they
must either be shrunk in the piece or

ROOSEVELT'S CONDITION IS GOOD

Will be Out in Ten Days if no
Complications Should
Take Place

CRISIS NOT REALLY DUE IN CASE UNTIL FRIDAY

Mrs. Roosevelt Arrives—King
George Sends Her Message
of Sympathy

CHICAGO, Oct. 16.—That Theodore
Roosevelt, laid low by the bullet of
a would-be assassin in Milwaukee on
Monday night, will speedily recover
unless unforeseen complications arise,
is predicted by attending physicians
at Mercy Hospital today. They said
that Colonel Roosevelt would be able
to leave the hospital within ten days.

The Colonel rested well last night,
and insisted on shaving himself be-
fore sleeping. "It is a habit I have
acquired," he told the nurses. "Un-
less I shaved I would not sleep." He
ate a hearty breakfast this morning.

The Core of the Progressive Creed

BY HERBERT CROLY

Herbert Croly is a political philosopher and a Harvard lecturer of this year. His "Promise of American Life," published in 1909, is an authoritative work, finely done, on conditions in this country. His present contribution puts before the lay reader the specific value of the Progressive platform from the political economist's point of view.

Incidentally, Mr. Croly is a worker with Winston Churchill; a shining example of the man who can do his duty, both as a writer of philosophical problems, and as an active worker in the political ranks. For further information concerning Mr. Croly, see "Who's Who," and also any one of the numerous articles which he has published in leading American magazines. Mr. Croly is still a young man.

THE CORE OF THE PROGRESSIVE CREED

(By Herbert Croly.)

In one essential respect the Progressive national platform differs from the platforms, not only of the Republican and Democratic parties, but from that of any party which has appealed to the suffrage of the American people, with a fair chance of success. It has unity. The general principle which it proclaims and the specific program to which it is pledged can be discussed as a whole. They are a whole. Its different planks have not been framed merely to catch votes in different parts of the country or among different classes in American society. Neither are they composed of dubious phrases which have been put together with gingerly

caution as a compromise, inoffensive to men of divergent opinions and interests. They have been conceived as the several necessary aspects of one consistent creed. They have been put together as the several supplementary parts of one complete program.

The substantial unity of the Progressive creed, however, falls naturally into two salient divisions. It has its political side and its social and economic side. Its political articles propose to democratize American government. Its social and economic planks propose to humanize American industry. The American people are no longer to be sovereign merely in name and on ceremonial occasions. The actual and effective exercise of the sovereign power is to be placed in the hands of a prevailing majority

of the electorate. The people are to dictate their own fundamental law and general policies. And whenever the prevalent majority is progressive, these policies will be directed toward the encouragement of agriculture, industry and commerce, the relief of the oppressed and the elevation of the general standard of living. This part of the platform contains the entire practicable program of modern social and economic reform—a program the authority of which is guaranteed by its almost complete adoption in foreign countries and by a unanimous consensus of competent opinion in this country.

The foregoing division is obvious and convenient, and, for certain purposes, real. But it is not final. The political and social sides of the platform cannot be separated. They need

and supplement each other. The inevitable result of separation is the mutilation and sterilization of both parties to the union. The program of social and economic betterment can be safely and completely accomplished only through the agency of effective popular rule. A thoroughly responsible and well equipped democracy, which did not seek the social and economic improvement of the whole people, would not endure. It was as inevitable as it was significant that this party of thorough-going political democracy should be born at the same time and in the same place as the party of thorough-going industrial democracy.

Those of our fellow countrymen who believe devoutly in the alliance between political and industrial democracy are the genuine, the complete progressives. These of our fellow countrymen who repudiate the alliance are, at best, insincere and half-hearted progressives. There is no better way of testing the genuineness of a man's professions of progressiveness than by examining him upon this point. If he becomes excited about the extension of direct democratic government, but is indifferent or benighted as to the manner in which the increase in popular power is to be exercised, he is no true progressive. But no devotion to the common good and social improvement of the masses of the people can make a man a progressive, unless he is ready to trust the people with a thoroughly effective control over their own political destinies. The usual outcome of half-hearted, semi-progressiveness, either of the first kind or of the second, is a certain tendency towards reactionary conservatism.

The Democratic party has never been really progressive, because it has, at its best, been much more interested in popular rule than it has in the positive social or economic benefits which could be accomplished by virtue of popular rule. Such was particularly the case during its period of greatest vitality from 1825 to 1850. Throughout those years it was honestly trying to make American government more democratic, but it did not have any sympathy with the various humanitarian ideas which were even then fermenting in the popular mind and which looked towards improved social economic conditions. The Northern Democracy could offer no effective solution of the slavery problem, precisely because of this irresponsible indifference to the social policy pursued by the state. Stephen A. Douglas did not care whether slavery was voted up or down. His conscience as a Democrat was satisfied in case it was voted upon. And the consequence of this irresponsible attitude towards the use of popular governmental power was inevitably a weakening of the foundations of democratic control. After the war the party ceased to have very much interest even in popular rule. Its repetition of the old phrases did not prevent it from becoming subservient to the machine and from acquiescing without protest in the flagrant lack of democracy in our actual political system. In the present campaign its political program is as weak as its social program. Its platform is a little encouragement to the friends of direct popular government and it goes to the friends of radical social amelioration. It has no sufficient interest either in popular rule, in the strengthening of the necessary agencies of popular rule, or in the realization of the appropriate purposes of popular rule.

On the other hand, it is chiefly among Republicans that we find men who are sincerely interested in a large part of the Progressive program, but who reject and condemn the proposed increase of democracy in the American political system. This attitude of the part of well-intentioned Republicans is what might be expected, because the Republican party has traditionally been preoccupied rather with the policy of the government than its organization. It originated in a determination to escape from the irresponsible attitude toward the slavery problem, which has been assumed by the Democrats and the Whigs; and after it had gained power it continued to make the government responsible for what was then conceived to be the economic welfare of the American people. The modern progressive movement has accomplished more in Republican states than it has in Democratic states, chiefly because of this traditional Republican willingness to use governmental agencies to accomplish desirable public purposes. Nevertheless, deeply rooted in Republicanism was the Federalist and the Whig distrust of popular rule. The Republican party is by way of being destroyed as a consequence of this distrust. In spite of the substantial contributions made by many Republicans to the cause of American political and social progress, the party organization has become reactionary. Its lack of any genuine democratic conviction has been forced to the surface and has placed it in a situation analogous to that of the Constitutional Unionists before the Civil War. These historical examples illustrate the necessary relation between political and industrial democracy. Divided they both will fall. United they both shall stand. The Progressive platform proclaims their union; and by virtue of that fact initiates a new era in the history of the American national democracy.

It can, I believe, be proved that a division between political and industrial democracy will be fatal to both. It cannot be proved that their union will be beneficial to both. We have no sufficient experience of the actual results of its marriage. The testimony that a thorough-going democracy does make for comprehensive social amelioration has still to be uttered and recorded. The Progressive party exists in order to write this testimony on the tablets of American history. It has no assurance of success. Any such assurance would deprive its task of moral vitality. We are taking a risk, although we are taking a smaller risk than are those parties which deny or ignore the association between a consistent democracy and a radical program of social amelioration. Nevertheless we are taking a risk—a grave risk—and like all happy warriors, we exult in the risk we are taking. It is because of this risk that we need faith. Such a faith is both a ferment and a bond. The bond will hold together the house of American democratic liberalism. The ferment will give energy

to its architects and masons. And the house which they build will be fair and strong.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" makes Up-set Stomachs Feel Fine in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Dispepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

Sleeping Sickness Discovery

Reports received from the commission on Sleeping Sickness working in Rhodesia state that it has been proved beyond doubt that the tsetse fly, known as Glossina moritans, as a carrier of the disease.

The commission was dispatched to Africa in consequence of the appearance of the disease in regions where Glossina palpalis (the species of tsetse fly, which up to that time had alone been regarded as a carrier of sleeping sickness) was non-existent. The guilt of Glossina moritans has been proved not only under laboratory conditions, but also in nature. Certain animals can act as the host of the virus without suffering thereby.

While palpalis is to be found only in narrow limits, moritans is met with throughout Africa in wide areas, and the methods of migration and isolation hitherto employed will be practically impossible.

Hill's Corner

We had supposed that with our orders for corrugated galvanized placed at the mills nearly three months ago, we would be able to supply all demands at but little advance on the very low prices prevailing early in the season, but the mills are very slow in filling the orders and the railroads are slow in delivering the goods and the result is that our stock is running low in some lengths and the market, on this coast, is advancing, while our goods are held back.

We still have a full stock in some lengths and will fill all orders for all lengths even though we have to buy in the open market.

Our line of plumbing goods is equal to all demands and the plumbers and tanners are kept busy putting the things where they will do the most good.

Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home. Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

SAVING TIME by TELEPHONE

WHEN a man feels the necessity of being in two places at the same time he goes to the nearest telephone and sends his voice.

It is not exactly the same thing, but when a man talks hundreds of miles in opposite directions from the same Bell Telephone, it is about as good.

In the daily use of the telephone a man travels all over town by wire in a few minutes. It is just as easy to travel all over the state and other states by means of the universal Long Distance Service of the Bell System.

The Pacific Telephone and Telegraph Company

Every Bell Telephone is the Center of the System

RACETRACK GAMBLING

(By Franklin Hichborn, Santa Clara, Cal.)

Up to the present time, not one newspaper in California has come out in favor of the Racetrack Gambling Bill that has, by trickery and misrepresentation, been placed on the ballot to be voted upon at the general election in November; no political party has endorsed it; legitimate sportsmen and sportsmen's publications are repudiating it; from one end of the state to the other the people are organizing to bring about its defeat. The supporters of the measure, their trickery exposed, themselves and their misrepresentation made ridiculous, are not having much to say in the open.

Parties Are Emphatic

The Progressive Republicans' convention inserted a plank in their platform setting forth that the Progressive wing of the party is "opposed to any measures that tend in any manner to legalize or revive racetrack gambling." The Democrats are even more emphatic.

"We are opposed," reads the Democratic plank on this subject, "to the initiated measure which, under a false heading, proposes to permit a revival of racetrack gambling in this state in any guise."

"We are earnestly opposed," say the Socialists in their platform, "to

the initiative measure to be voted upon at the November election which, under the pretense of encouraging horse racing, is in reality intended to legalize race-track gambling, and we urge all citizens to vote against this vicious measure."

The Taft Republicans in their platform strongly protest against the gamblers' attempt to revive a form of gambling which has been repudiated and outlawed.

Thus, Democrat and Republican, Progressive and Reactionary, unite in condemning the measure which the gambling element is scheming to have enacted into law.

Would Kill the State Fair

"What would be the effect of the enactment of this gambling bill?" was asked a gentleman who took prominent part in the management of the State Fair, recently brought to a successful close.

"It would kill the State fair," was the immediate reply.

With racetrack gambling eliminated, it is now possible to have legitimate racing and successful fairs. With the blight of racetrack gambling upon State and District fairs, they have been failures in the past, and would, the fair managers recognize, prove failures in the future.

Sportsmen's Papers Against It
The publications devoted to clean

sports are also denouncing the bill, and advising the public to vote against it. Horsemen, in addition to their objection to the gambling lectures of the bill, are opposed to the provision which permits race meetings of 100 days' duration. Applied to the northern part of the state, a racing club could race at Tanforan for 100 days and 100 days at Emeryville each year, in reality a 200-days season. The 1907-8 season at Emeryville lasted 180 days. Horsemen as distinguished from gamblers, condemn long race meetings. "Any organization that conducts a race meeting 100 days in the year," says "Wheel and Saddle," "is not organized to improve any breed of horses, but solely to make a profit out of the gambling that will be done on these races." "Continuous racing," "Wheel and Saddle" goes on to say, "brings about cheap races for poor horses, and is the chief cause of the 'dope' evil, which has done incalculable injury to the thoroughbreds."

"The bill," says "Wheel and Saddle," in putting its final stamp of disapproval upon this gambling measure, was not drawn up by the harness-horse people, but by a coterie who wish to revive the old order of things at Emeryville."

Such is the opinion of clean sportsmen of the initiated gambling law. Organization Perfected

The movement to educate the public to the purpose and meaning of this gambling law is sweeping the state. In Southern California a committee of one hundred has perfected organization for the purpose of conducting a campaign of education against the measure.

In Northern California an independent organization has been formed, The Anti-Racetrack Gambling League, with headquarters at the Key Route Inn, Oakland.

Fashion's Beckoning

Waists of dark blue satin with sleeves and gumples in white satin are favorites.

Roman striped ribbon for sashes are a gay and charming note in the fashion world.

Skunk fur, plush, meline and paradise all together appear on some of the new hats.

One of the newest features of brassieres is the trimming down the center of the front.

Lace sashes and sleeves are another method of using lace and producing a filmy effect.

Taupe, seal brown, mole, plum, pruno and navy are the fashionable colors at this moment.

In rich negligees, laces and nets are used over soft pastel linings. So are pompadour chiffons.

Saved by His Wife

"She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F., "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, R. is the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for all Hair Troubles

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

SAVING BIRD LIFE

One of the fine acts of recent days was the buying of Marsh Island near the Louisiana coast, by Mrs. Russell Sage through the enterprise of E. A. McIlhenny, as a refuge for game and other birds.

The seventy market gunners who have made a living off the island will have to hunt elsewhere, but millions of dollars may be saved the farmers of the United States, through the destruction of insect pests by the birds that will be saved.

Which suggests that there are many other bird resorts where a few pot hunters are annually killing great flocks of these geese that lay golden eggs.

It is a matter of common observation that birds are not as numerous as they used to be a generation ago. It is also a matter of common observation that farm crops are being ravaged by pests to a far greater extent than formerly.

According to all investigations of science, destruction of bird life has let loose a horde of pests on the farmer's head. This involves the expenditure of millions of dollars for spraying crops. At best the work of the pests can be only partly prevented.

A bird may seem of no earthly use in some sections, but it may be the only effective protector of the farmer's crops elsewhere.

It was formerly thought that no one but poets and sentimentalists wanted birds preserved. The intelligent farmer of today knows that many birds are his best friends.

SHOULD BE ELECTED

Redlands Facts: Samuel C. Evans, of Riverside, progressive candidate for the office of Congressman in this new Eleventh district, has returned from his trip into Inyo and Mono counties, and will spend several days now in San Bernardino county, meeting voters where he has not heretofore met them. Mr. Evans has met with much encouragement in his canvass and is confident he will be elected.

Thus far two meetings are planned in San Bernardino county—Colton and Ontario. There has been some talk of a meeting in Redlands, but no announcement has yet been made. Mr. Evans is well known in this county, and wherever he is known he is highly esteemed. The facts feel, looking at the situation dispassionately, with the best good of the people of the district alone at heart, that Evans should be elected. He will certainly get a large vote in this section of the county.

HIRAM JOHNSON

"He stands there, flat-footed on the platform, square-shouldered, short-necked, deep-chested, very much like a boxer ready for the bout. Sometimes he shoves a thought out with a closed fist; then with a clenched right fist; now with both hands he shoves it into place—where he means it to stay. Then he hammers the thing down, as on an anvil; fashioning it;

first one fist, then the other and finally both, as if tamping the roadbed solid for the coming freight."—Description of Hiram Johnson in La Follette's Weekly.

PRUNE POOL ASKS BIDS ON 1600 TONS

Sacramento Valley Growers Would Break up Buyers' Combine and Fix Lowest Price

CHICO, Oct. 16.—The prune growers of the Sacramento Valley, who formed a pool for the purpose of breaking up the combine of buyers, yesterday sent out telegrams to all the fruit centers of the East asking bids on something over 1600 tons of prunes, the product of growers of the vicinity who belong to the pool. Four cents was the minimum basis for any one bid to be considered.

The pool is also writing to all of the prune trade on the Pacific Coast informing them of the stand taken by the valley growers and asking co-operation. The pool, which has headquarters in Chico, has definitely decided not to accept a cent less than 4 cents and hopes to receive 4½. It is expected the entire output will be unloaded on these terms.

DOUBLE HEADER ON SATURDAY

(By Vern Smith)

Manager Smith of the Red and White football eleven, has prepared a double header for Saturday, Oct. 19, at Lincoln Athletic Park.

The first team is scheduled to clash with the Escondido eleven and from all reports it is expected to be one of the hardest games of the season. The Escondido eleven has always been up to the standard with San Diego and other schools of Southern California. It has also been at practice for over a month and are working hard for the cup.

Coach Hatfield states that it will be an exceptionally hard game. The Orange eleven and second team of S. A. H. S. will also fight for honors. The new material has organized a second team and has developed into a fast little team with plenty of nerve. As a certain raiser of the big game, the second team and Orange High will give an exhibition of fast snappy work.

The first game is called at 1:30 and immediately afterward will come the large battle of the two fastest elevens of Southern California.

GOV. HARMON WILL BE IN LOS ANGELES TONIGHT ON TOUR

LOS ANGELES, Oct. 16.—Governor Judson Harmon of Ohio, who is touring the country on behalf of Woodrow Wilson, Democratic candidate for the presidency, will arrive in Los Angeles tonight over the Southern Pacific road. It is expected that he will spend several days in Los Angeles and probably make speeches for Dr. Wilson.

College Woman Who Says She Is Not "Kitchen-Minded"

A Wellesley College graduate tells in the October Woman's Home Companion what she got out of college. Following is an extract:

"In regard to the question of general culture, if you were inclined to be severe about it, you might say that I got only a superficial knowledge of many subjects. Nevertheless, those bits of information have given me much pleasure from time to time. They afford starting points for more information, and furnish pegs to hang new knowledge on. Suppose my husband brings an old classmate home to dinner, or suppose we meet some interesting man at a party, or on an ocean steamer—it is my experience that most people are interesting when you know how to draw them out; it is easy to win the most alluring shop-talk from an artist; a sociological experimenter, an archaeologist, if you already know enough of his subject to ask him leading questions about it. I don't have to sit by like a bump on a log, as one of my neighbors complainingly described herself, while men talk of big things like the political situation, the stamping out of tuberculosis, and the probable scientific value of air-ships.

"Neither am I relegated to merely feminine chit-chat, of fashions and sauteaus. I may love to cook, but, thank goodness, I am not 'kitchen-minded.' My range of interests makes me an all-round companion to my husband, and I think that is intensely worth while."

COUNT 'BONI' COMES IN ROLE OF ARTIST FOR THE CAROLANS

SAN FRANCISCO, Oct. 16.—As the hired man, or shall it be as the "commissioned artist," of Mr. and Mrs. Francis Carolan, Count Boni de Castellane is coming to Burlingame. Also there is coming with the Count a new French room which the Carolans purchased for 250,000 francs entire, in a French chateau, which will be installed among the other rooms in the American chateau, the Carolans are building in Burlingame.

The room is to be articulated by Count Boni, who will adjust to the new Carolan mansion the floor, walls, ceiling, sills, lintels, threshold, frescoes, decorations, furnishing of a medieval French room which one of the early Louis once occupied.

Personals

Mr. and Mrs. W. L. C. Samson and Mr. and Mrs. Amos Cox went to Pasadena today in Mr. Cox's machine, and will spend the day with Mr. and Mrs. Stroll.

Misses Mary and Celia Cotter who have been spending the past few months in Long Beach are now located at "The Young," corner Seventh and Grand streets in Los Angeles.

Mr. and Mrs. W. E. Martin left yesterday afternoon for Los Angeles to reside. Mr. Martin has been here for some months working up life insurance and he and his wife have made many warm friends here. Mr. Martin will visit this city the first of each month.

Mrs. John W. McElree returned last night from an extended stay in Dunkirk, Ohio, where she went for a visit last June. The pleasure of her visit was sadly marred by the death of her mother, which occurred suddenly from heart disease within two weeks after Mrs. McElree's arrival in Dunkirk. Paul Friedley, Mrs. McElree's brother, accompanied her to Santa Ana.

Mrs. Henry Walters was called to her former home in Louisville, Ky., at noon yesterday by business interests. She expects to return to Santa Ana in about three weeks.

Mrs. J. D. Thomas, Mrs. J. E. Gowen and Miss Hazel Thomas were Los Angeles visitors for the day.

Mrs. E. Langford of Orange spent today with her daughter at Garden Grove.

Mrs. Henry Coad and daughters, Misses Grace and Maud Coad, of Danville, Iowa, arrived last evening for a visit to Mrs. Coad's daughters, Mrs. L. Marchant of Tustin and Mrs. Ed. Seaton of this city. The party will remain in California all winter.

D. M. Halladay and his granddaughter, Mrs. H. T. Rutherford, spent the day in Los Angeles.

Mrs. W. T. Syester of Orange went to Los Angeles this morning for a week's visit to friends.

Among those going to Los Angeles for the day from here were Mrs. William Malone, Mrs. J. W. Bishop, Mrs. C. S. Kendall, O. L. Halsell, E. B. Burns and Will Merigold.

Miss Mabel Clay of the Hogue School of Music, of Denver, Colo., arrived in Santa Ana Saturday last, and will take charge of the kindergarten piano class at the Santa Ana College of Music. Miss Clay has had several years of experience in this special line of work and will be glad to meet the little folks any afternoon, between 4 and 5 o'clock, at the College of Music.

B. D. Mosher and family of Newcastle, Pennsylvania, arrived in Santa Ana yesterday and expect to locate here permanently.

SPIRITED MEETING

White Ribboners Voice Strong Words of Praise For Good Work of County Officials

The Orange county quarterly executive meeting of the W. C. T. U. was held yesterday in the Orange Methodist church, the church being very beautifully decorated with chrysanthemums. Mrs. Viola Norman, county W. C. T. U. president, presided over the meeting. The secretary read the minutes and conducted the roll call. After the regular business had been disposed of a number of superintendents presented many interesting talks as to their departments of work.

Mrs. Emily Cox read an article on the present fashion of tight-fitting dress skirts conspicuously worn by young girls. This article brought out a general discussion. It was suggested that the mothers use better judgment in advising their daughters as to the dress question. There was also a general discussion by the members of the executive as to how the young mothers could be interested in W. C. T. U. work.

By invitation from Garden Grove the next executive will be held at that place on the third Tuesday in February.

The ladies of the Baptist church of Orange had prepared lunch for the delegates, the repast being served in the Baptist church.

The institute session of the meeting was called at 1:30 p. m., Mrs. Schulte of Fullerton leading the devotional service. Mrs. E. S. Catland, the new superintendent of juvenile court work, gave a most excellent and helpful talk on that subject. Mrs. Catland is also a member of the Detention Home Board. She told of how the work was started by Judge Lindsay and reviewed the work that has been done in Orange county. This is a most worthy cause and a great deal of good work is being done. The song, "No Saloons for Orange County," was sung.

Mrs. Rawlings, superintendent of Scientific Temperance instructors, gave a splendid talk on that subject and many good suggestions were given to superintendents to take home and use in their different unions.

Mrs. Helen Stoddard of San Diego county, candidate for congress from the Eleventh district on the Prohibition ticket, was present, and addressed the meeting. Mrs. Stoddard is president of the W. C. T. U. of San Diego county and is a strong advocate of temperance and of all that works for the betterment of mankind.

Rev. Mr. Corey, pastor of the Orange Methodist church, gave a short talk and good words of encouragement for the W. C. T. U. work. The following resolutions were adopted by the executive committee:

Resolved, That we the County Women's Christian Temperance Union

VISEL-MORLAN WEDDING

Son of Prominent Santa Anas Wedded Last Evening to Society Girl of Los Angeles

The marriage of Stanley A. Visel, son of Mr. and Mrs. A. J. Visel of this city, to Miss Rae Belle Morlan, daughter of Mr. and Mrs. Arthur F. Morlan, Manhattan Place, Los Angeles, taking place last night in the First Methodist church, Los Angeles, Dr. Charles Edward Locke, pastor of the church, reading the marriage lines, was a brilliant society event and the church was a scene of floral beauty, thousands of yellow chrysanthemums being used in decorations. Tropical ferns and palms formed an effective background for the mass of yellow bloom that graced the chancel, while an aisle of the magnificent flowers was traversed by the bride party on the way to the altar. The church was filled with friends and relatives of the bride and groom, including guests from Santa Ana. Among those present from here were the groom's parents, Mr. and Mrs. A. J. Visel and family, Miss Angela, Dr. and Mrs. Wehrly, Mr. and Mrs. Tibb, Wimbler, Miss Adeline Hill. Following the wedding a reception and supper for the bride party was held at the Morlan residence, the decorations of the bride's table being of bride's roses and lilies of the valley. Yellow chrysanthemums adorned the house. Small silver baskets filled with rice and tied with tulle were bridal favors.

Of the lovely bridal costumes and those who were in the bridal party, the Los Angeles Tribune says: "The bride's gown was of imported white charmeuse of very heavy quality and cut with long court train falling from the shoulders and trimmed about the shoulders and on the left side with a drape of white duchesse lace which the bride's mother also wore on her wedding gown, and the veil was surmounted by a tiny duchesse lace cap made from a handkerchief also carried by the bride's mother at her wedding. The veil was caught with sprays of orange blossoms, and the bridal bouquet was of orchids and lilies of the valley. The only ornament was a pendant of diamonds and pearls, the gift of the bridegroom.

"The maid of honor, a cousin of the bride, Miss Carrie McLean, of Honolulu, wore light blue charmeuse trimmed with chintilly lace with pointed train, and she carried a silver basket filled with pink roses and tied with blue tulle. In the hair was fastened an aigrette. The train was of blue tulle.

"The Misses Helen McLean, Eloise Watson, Elizabeth Helm and Ruth Visel were gowned alike in yellow charmeuse trimmed with chintilly lace, and they wore yellow ostrich tips in their hair. The gowns were made with square trains, and each maid carried two great, yellow chrysanthemum with long stems.

Nelson Visel stood with his brother as best man and the ushers were Jack Visel, Arthur Echnan, Henry Hunter, Harold Janeway and Clyde Whitney.

For October Bride
Miss Doris Robbins was the hostess yesterday afternoon at a "blue bag shower" for Miss Willa Clevenger, who is to be married during the present month to Harry Warner.

The embroidering of blue men on bits of cloth—each striving to picture her ideal man—caused much merriment among the guests, and at the end of the contest a dainty sewing apron was awarded to Miss Ramona Clevenger, sister of the honoree, for the best man.

The favors were prophesies of the occupation of the "ideals" and consisted in tiny implements of trade, such as pick and shovels for the farmer, boxes of dirt for the real estate man, suit cases for the traveling man, etc., and little blue flowered lawn bags filled with rice.

Following the embroidering contest, the hostess presented Miss Clevenger with a huge laundry bag, which, when she turned it upside-down, displayed a veritable shower of bags. There were party bags and shoe bags and clothespin bags—bags of every description and texture but all in some shade of blue.

Each guest then received a mysterious-looking paper bag, which she found to contain a delicious luncheon, each dainty eatable being encased in oil paper.

Aside from the complimented guest, Miss Willa Clevenger, Mrs. O. M. Robbins and Miss Doris Robbins, the guests were Mrs. Ruby Holton, Misses Irma Reinhaus, Clara Lamb, Eva Nininger, Imogene Tillotson, Gertrude and Annis Snow, Eva Martin, Cora Seifert, Caroline Haughton and Lucy Hill.

Departure of the Murkett
Rev. and Mrs. H. E. Murkett and family left today for Pomona where they will reside during the pastorate of Dr. Murkett with the First Methodist church of that city. As a final courtesy to these highly esteemed people, Mr. and Mrs. Frank H. McElree entertained them last evening with a dinner at their Ross street home.

The going of the Murkett is greatly regretted not only by the people of the First Methodist church of this city over the destiny of which Dr. Murkett presided for three years most acceptably, but by the people of Santa Ana in general, as they are a rare addition to the life, social, religious and literary, of any place. Mrs. Murkett, who is a woman of culture and poise, endeared herself to all with whom she had relationship. Dr. Murkett led his church to larger membership and strength, besides giving himself without stint to the big work of church building improvement which has just been successfully concluded at a cost of over \$12,000.

In his new charge, Dr. Murkett will have a church of 900 members. The church is to be congratulated on securing so able, energetic and fearless a leader who takes with him to his new field of labor the best wishes of a host of friends in Santa Ana.

The able paper entitled "What Can We Do for the Prodigal Brother and Sister," written by Mrs. E. H. Mills, and read by Mrs. Flora Pyle, called forth a lengthy, instructive and entertaining discussion.

The next meeting, "Reciprocity Day," will be held in Birch Park, Oct. 29th, when a fine program will be enjoyed by the club with guests from every woman's club of Orange county.

The Tustin Twelve

The Tustin Twelve held a business meeting at the home of Mrs. Ellis Smith on Tuesday afternoon, electing the following officers for the coming year: President, Mrs. Ellis Smith; vice president, Mrs. E. J. Cranston; secretary, Mrs. George Pollard; treasurer, Mrs. B. F. Nimmo; press reporter, Mrs. J. C. Stearns.

A new member, Mrs. I. F. House, was elected to take the place of Mrs. Joe Skinner, who resigned to go to Escondido.

The next meeting will be held at the home of Mrs. Charles Artz on the second Tuesday in November. This club, organized a year ago, has had a most pleasant existence and is looking forward to an equally pleasant year as the one just closed.

Gold Medal Contest

The splendid meeting of the Orange County W.C.T.U. executive committee held in Orange yesterday was followed last night by a successful gold medal contest at the Methodist church of that city. Mrs. G. P. Hill presided over the largely attended contest, in which were five contestants, four of these being from Tustin and one, Miss Eithyl Hurley, from Santa Ana. Tustin carried off honors, Scott Prather winning the gold medal on a unanimous verdict by the judges, Prof. Durfee of the Orange schools, Rev. Galbraith of the Baptist church of the same city, and Miss Susie Scarrett of Orange. The other Tustin contestants were James Utt, taking second place, Misses Ruth Rawlings and Dorothy Utt. All did excellently in their various numbers, the winning selection being "Judge Morse's Reason."

While the judges were out, Miss Turner of Tustin entertained the audience so pleasantly with a reading that she was enthusiastically encored. Musical numbers of the evening were a vocal duet by Miss Emily West and Miss Marie Harris, and an instrumental selection by Miss West. Brief addresses were made by Mrs. Helen Stoddard, Prohibition candidate for congress from the Eleventh district, and Mrs. Patterson of Oklahoma, a national worker, on her way to the national W.C.T.U. convention at Portland, Ore.

Pleasant Dinner

Mr. and Mrs. J. G. Quick entertained very informally but very delightfully last evening with a small dinner party. The floral decorations were simple but pretty, and the members of the company dining together were thoroughly congenial.

Covers were laid for Mr. and Mrs. Quick, Miss Grigsby and Messrs and Mesdames C. G. Hill, F. W. Wieseman, C. W. Burns, Prof. and Mrs. J. W. McCormac, Mrs. Mickel of Ohio, and Mrs. Morehouse.

The Monday Club

This flourishing club for men held its second meeting for the 1912-13 season last night in the Public Library Hall. Prof. W. C. Roberts read an able and exhaustive paper on the proposed city charter recently drafted by the Board of Freeholders. The charter was then fully discussed in a session of over three hours, the lengthy meeting indicating the interest shown. The charter was absolutely approved by the club with the exception of possibly one provision. The Monday Club men will be boosters for the proposed municipal instrument from now on.

The Monday Club, officered this season by W. L. Duggan, president, and A. J. Perkins, secretary, is in good condition. It has been filled to the full limit of membership, vacancies having been filled by the election of Prof. McMath and D. G. Cole.

"FIRE LIMIT" FOR SMOKERS FAVORED

Writer Would Curtail Zone in Which Men May Indulge in Their Dangerous Habit

Olive Gray writing for the Los Angeles Times advocates a clever and drastic idea as to smokers. She says: I am in favor of a fire limit for smoking men.

Every few days an awning is set on fire by a cigar or cigarette tossed from an upper window; and in fact the fires set and the real damage done to life and property by smokers are beyond estimation.

Now if we could set a "fire limit"—circle within which no one were allowed to wield the weed—it would not only add to the safety of the districts where property interests are crowded together, but would make life in those localities more comfortable.

There is something more than mere carelessness in the tossing of cigars and cigarettes regardless of where they may alight, or what the consequences may be. The same character, which impels men to smoke regardless of who is offended is at the foundation of this carelessness. In plain English: It is gross selfishness. There seems to be an unwritten law against saying so, it being taken for granted that the man who wishes to smoke has the first right and other people must come after. This is especially noticeable in the street cars, where the best part of the car is given over to the "weeders." I think it would be a good plan to place the smokers in the closed part of the car and shut all the doors. They are so fond of smoke that they could not object and they would not then so pollute the air as to nauseate the lovers of ozone who find their only opportunity to take in this commodity, that of the trip to and from home. I would suggest that the exterior of the car be included within the "fire limit."

CHINESE GIVE BIG SUM TO Y.M.C.A.

\$500,000 Association Building to be Erected at Shanghai in Near Future

Los Angeles Tribune: Dr. W. E. Taylor, associate secretary of the Shanghai Y.M.C.A., last night announced that he was taking back to Shanghai, China, plans for three buildings through which the work of the association will be greatly extended. They will cost \$500,000. This amount has been raised and is ready for the builders. It came entirely from native Chinese.

This announcement was made in an address to the Brotherhood at the association building. Today Dr. Taylor will address the University of Southern California student body. Occidental collegians and a business men's noon meeting at Christopher's.

"It was in 1907 that we opened our present building in Shanghai," said Dr. Taylor. "Then we had 383 members, Chinese, of course. Now we have 2000.

"I am returning with plans in my pockets for three new and magnificent buildings. They will be completed within two years. There will be one structure for the Chinese boys of sufficient size to accommodate 1000, a fine up-to-date men's building for the English and American Y. M. C. A. men. Also we shall erect a supervisory building from which the work in China will be directed.

"Five hundred thousand dollars is the cost of these buildings. This amount has all been given by the native Chinese. Our annual budget in 1907 was \$6000; last year it was more than \$25,000. This money also, was raised entirely by the Chinese."

Tomorrow afternoon at 2 o'clock will commence the first day's play for the beautiful Marcy cup, offered by Mrs. Marcy as a trophy to be contested for by the women of the Santiago Golf Club. The announcement of the handicap committee regarding the event is as follows: "Play for the Marcy cup will commence on Thursday, October 17 at 2 p. m.; also on October 24 and October 31, same hour, nine holes to be played each day and the lowest score of any nine will be taken as the count. Each player will be given a handicap before starting. In addition to the Marcy cup two other prizes will be awarded. "All ladies desiring to enter the tournament must have their names enrolled on the first day of the play. International Golf Rules as modified by local rules to govern."

POMONA COLLEGE NEEDS A MILLION

Anniversary Jubilee Adopted Slogan For Raising of an Immense Sum

CLAREMONT, Oct. 16.—"The addition of a million dollars to the resources of Pomona College," That was the slogan adopted Monday afternoon at the anniversary exercises to be the inspiration of the next endowment fund campaign. A resolution was passed pledging the support of those present to the campaign and expressing faith in President Blaisdell as a man of the necessary ability to make a success of the project.

The present needs of the institution, as presented by the Rev. Henry Kingman, demand \$1,000,000, in addition to the present funds. At present the college has about a million dollars, equally divided between productive endowment and college buildings and campus. The speaker showed the necessity of three new buildings and a doubled endowment fund.

The buildings needed are a chemistry building, a musical conservatory, and a new women's dormitory. The needs of future growth, as seen by Dr. C. B. Sumner, also call for a million dollars, "that Pomona may keep pace with the development of this section," he said.

The anniversary jubilee closed Monday evening with a remarkably large attendance and much enthusiasm. The condition of the college, past and present, and future needs, have been ably presented at the gathering. Especially was the history, as related by Professor Brackett, and the discussion of methods of President Blaisdell of interest to the large number of alumni, trustees and faculty present.

Not so Bad
A young lawyer who has recently hung out his shingle was retained by a criminal with five dollars and a very poor defense.

"Well, you got a case, son," said the proud father.

"Yes, dad."

"And what advice did you give your client?"

"After listening to his story I collected what money he had and advised him to retain a more experienced lawyer."

HOLLYWOOD WINS IN FARE DECISION

Foothill City Wages Fight For 5-Cent Rate From Pacific Electric Road

Los Angeles Times: The first justice court decision in the controversy between the Pacific Electric and residents of Hollywood about the 10-cent fare was decided yesterday by Justice Forbes in favor of the plaintiff, Samuel O. Long, who sued for \$250 damages because he was obliged to pay an amount he deemed excessive under the act of 1878.

This act, as set forth by Attorney Ferguson, provides that no fare greater than 5 cents shall be established in a city of more than 100,000 inhabitants, under penalty. Attorneys for the railway company asserted this law was nullified by amendments to the Civil Code in 1903, by which the earlier provision was made to apply only in cities of the first class.

A later enactment sets 500,000 as the population of cities of the first class, which derates Los Angeles to a city of the first-and-one-half class. Justice Forbes held the act of 1878 is still in force. He recently handed down a similar decision in an action instituted by residents of Colegrove.

WAR VESSEL PUTS IN AT LONG BEACH

Preble is First War Craft to Tie up at Municipal Docks of Beach Resort

LONG BEACH, Oct. 16.—For the first time in the history of this city, a government war craft tied up to the municipal docks yesterday. The torpedo boat destroyer Preble, commanded by Lieutenant C. F. Pousland, steamed into the harbor about noon. Ensign Jesse Oldendorf, a Riverside young man, piloted the craft through the harbor.

A short time ago the Chamber of Commerce, through its secretary, R. L. Bisby, wrote to the Navy Department, asking that a government naval vessel be permitted to enter the Long Beach harbor. The government was reminded that, although several fleets and flotillas had maneuvered off Long Beach and San Pedro time and again, never had a government vessel visited Long Beach. Commander Metcalf, in charge of the torpedo boat destroyers in this vicinity, was instructed to send one of the boats to the city docks.

The boat carries a crew of seventy-nine and has a speed of 26 knots an hour.

Today she will join the destroyers Stewart, Hull, and Whipple for maneuvers off this coast and then the flotilla will go to San Clemente Island, leaving for San Diego later in the week.

LOS ANGELES PRODUCE MARKET

Prices of poultry underwent changes yesterday. There was an advance in the selling rate on broilers, while low prices in the case of several other classes of fowl were somewhat lower than they were.

There were no changes in the staple market, and prices remain firm. The receipts of eggs were light, only sixty-one cases, and 46,365 pounds of butter and 900 pounds of cheese were received. There was not a great deal of activity in the market on these products. Incoming shipments of eggs from the East are a little heavier than they have been, but the first-class product is scarce. The principal sources of supply for butter are the San Joaquin and Imperial valleys. About 14,000 to 15,000 pounds probably come in from the latter section daily. The market on cheese showed no change from its previous firmness, although some Northern fresh was offered at 15c.

Grapes are selling at a higher rate this week due to the good demand because of the warm weather and the lightness of incoming shipments. Peaches continue to come in from Utah, but a considerable portion of the fruit on the market is storage. Some comparatively rare Red Belle apples from Watsonville were received and brought 95 cents a box. Receipts of apples were rather light—2140 boxes. Three cars of bananas arrived and are quoted at 4 to 4½. Almonds are coming in a little more freely from the North, and are quoted at 16 to 19 cents.

Pumpkins were received from Venice and are bringing about \$1.25 a hundred. Not many are on the market yet. Sweet potatoes begin to show a slight decline, although still selling higher than they did a week or so ago. Receipts of potatoes were 2070 sacks.

Saves Leg of Boy
—"It seemed that my 14-year-old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. THERE IS ONLY ONE Crop of Land
—James J. Hill.

The last sub-division of the Yucaipa Red Apple land goes on the market this week, 3000 acres, under irrigation, known as the "South Bench" and the very cream of our 11,000 acre tract. Remember there is only one crop of this land. Get in at the beginning. Easy terms of payment.

WHERE IS IT?
Not up north or out on the desert, but right here in Southern California, only 60 miles from Santa Ana. It is NOT cold in winter and it is cool in summer because the elevation is 3000 feet.

THE LAND
Is the very best. It is like a choice bit of Tustin or Placentia. No stones, no brush, no cactus, no lumps or washes on the south bench. No leveling, but ready to plant and irrigate and will raise anything.

THE TRIP
to Yucaipa is well worth while. On the way we pass through the Santa Ana canyon, Corona, Riverside, San Bernardino, Highland and Redlands. At Redlands we take you in our big automobiles to Yucaipa City, and through the twenty-five hundred acres of young apple trees to the new sub-division, the south bench. One day's time, and \$3.40 is the expense. Go with us this week and see for yourself.
We now have a new plan for non-resident investors, for people who do not want to locate on the land (till the trees have grown a year or two. Come and let us explain the method to you.

IN THE JUSTICE COURT

**\$60 FINE FOR
MIKE ROMERO**

He Gets Into One Trouble Right After the Other—His Aunt Pays Fine

Mike Romero rambled all around a plea of guilty in justice's court this morning, and finally reached the point of fully confessing to stealing a bicycle from Sixto M. Salcido, a Spanish musician. Recently Mike finished up a term in jail for borrowing an automobile without the owner's permission. He no sooner got out of jail than he without ceremony took possession of Salcido's bicycle.

Located the bicycle and the man, though he found the job no easy one. Officer Dean searched the house where Romero and two or three aunts live, on West Fifth street near the Frenchman's woodyard, but Romero was not to be found. Heard caught Romero on the street, and landed him in jail.

This morning Romero was before Justice Cox, and he told a lengthy story about some man he did not know telling him he could take the bicycle. Cox suggested that this unknown man must be Pablo Real, the traditional Mexican who is named by many accused persons as the guilty man. Romero unblushingly let Pablo Real take the blame, but even at that he pleaded guilty.

The justice fined Romero \$60. There then appeared in the case a black-eyed beauty who is known among the officers as the Queen of the Gamblers. Her name is Cucca Madrano. She said she is an aunt of Romero, and she would pay his fine. And she did. Some weeks ago she paid a fine of \$60 for a Los Alamitos man who was in trouble.

**MACDONALD TURNED
OVER TO THE PRISON**

Deputy Sheriff George Law returned yesterday from San Quentin, where on Monday he delivered R. C. Macdonald to the prison authorities. Law states that Macdonald often and repeatedly declared to Law that he was innocent of the crime for which he was sentenced to twenty-five years in San Quentin.

CATHOLICS TO HOLD A FAIR

Miss Mabel Brown Became the
Bride of Electrical Engineer
of Corning

FULLERTON, Oct. 16.—Catholics of Fullerton are arranging to hold a church fiesta in the Bank Hall October 24, 25 and 26 for the benefit of the building fund. The Catholics only recently organized in this city. Members of the parish attending at Anaheim previously. John Gallagher is now the pastor in charge of the church's activities here and a membership of about 160 has been enrolled. Plans and specifications are now in the hands of contractors for estimates on a mission-style building, which will be erected this winter on the site on West Commonwealth, donated by Mrs. Marie Bastanchury.

Miss Mabel Brown, daughter of W. T. Brown, lumberman, was united in marriage to James Brunson Butler of Corning, Cal., yesterday morning, Rev. Staton officiating. Thirty guests were present. Mrs. Butler was a popular member of the social circle of this city. Mr. Butler is an electrical engineer.

The city trustees have granted the Pacific Telephone Company a fifty-year franchise, requiring the paying of a 2 per cent franchise tax. The company has been doing business some years without a franchise.

Four automobile busses are now in service transporting pupils from the outlying districts to the Fullerton Union High School, another having been added this week.

William Farrand of the Brea Canyon Oil Company has purchased the \$7000 home built by F. H. Daley, formerly president of the Farmers & Merchants' Bank, and will reside here. W. J. Jaquish of the Standard Oil Company's Coyote lease has purchased the Walter Hole home near the high school.

HUMAN NATURE NOT SO BAD New York Newspaper Man Observes With Pleasure the Aid Given the Blind

If you doubt that human nature is kind, watch the ordinary passerby in his attitude toward a blind man. The office window man was riding in a Broadway open car the other day. The car was just barely moving, owing to some blockade or other, and kept about even pace with the pedestrians who crowded the pavements in their usual daily hustle.

The eye of the Office Window casually lit upon a blind man, walking alone, with that upright tilt of the head so common to the sightless. He tapped his stick incessantly before him and moved briskly until he neared the end of each block, with its hazardous curb. The car kept pace with him for several blocks, and upon every block some one took charge of that blind man as he came to the curb, saw him safely over and said a pleasant word in parting.

One young man stayed near him for three blocks, steering him over the crossings each time. Probably the man with the tapping stick thought the friendly guide was a different man for every block. Or does his ear become so delicately attuned to voices that he fairly sees through hearing?

The Office Window man wondered if the smiles that so often light the faces of the blind come from the habit of thanking people who lend them friendly aid so many times a day?—New York Evening Mail.

P. E. TO SPEND \$170,000 IN LONG BEACH IN 1913

LONG BEACH, Oct. 16.—Information received by F. S. Craig, president of the board of public works, from the Pacific Electric Company indicates that \$170,000 will be spent by the railroad corporation in improvements in Long Beach during the ensuing year. The railroad company is planning to replace the light-weight rails now in use on many of its lines in this city with six-inch tracks, heavily ballasted and laid on twelve inches of crushed stone, with the surface finished with stone and rock and covered by a layer of asphalt.

AT THE COURTHOUSE

WILL PERFECT THEIR APPEAL

Today Macdonald's Attorneys
File Statement of General
Grounds

A statement of the general grounds upon which they expect to take the R. C. Macdonald case to the Appellate Court was filed today by Attorneys Clyde Bishop and E. M. Epstein. They ask for a transcript of the court reporter's notes.

The statement of general grounds evidently includes every available ground under the law. Among the thirty or more causes alleged is one that Judge West in shutting off argument of points conveyed an impression to the jury prejudicial to the defendant. Another point in which it is alleged there was prejudicial influence was a remark of the judge in reference to the modesty of the complaining witness.

While Macdonald is in the penitentiary, his appeal will go on just the same as though he were here.

AIDS HIS FELLOWS

Hutchinson, Kansas, Farmer Offers
Use of Horses to Those Who
Lost Animals

HUTCHINSON, Kan., Oct. 16.—"Notice: The Lord has spared my stock. My horses have gone through the epidemic without loss, and I have twenty head to loan to my less fortunate neighbors without charge for plowing. Those who need are welcome to them. Peter Schofield."

This notice, posted at the country school and store at Looser, Hodgman county, is typical of the co-operative spirit of the farmers after the passing of the horse plague, the worst disaster that has befallen Central and Western Kansas since the grasshopper invasion of the seventies.

The free lending of horses and free transportation of traction engines to pull plows is making it possible for many farmers who lost their horses to put in their crops.

SALVATION ARMY'S THOUGHTFUL PLAN

Asks Co-Operation of Public in
Providing Thanksgiving
Dinners for Poor

The following letter is self-explanatory and will doubtless elicit a generous response:
Editor of The Register,
Santa Ana, Cal.

Dear Sir: According to our custom every year, we have commenced making preparations for the supplying of Thanksgiving dinners to the needy on that day, and a fund has already been opened for this purpose. Mr. W. A. Zimmerman, of the Orange County Bank, has kindly consented to act as treasurer. We propose to make the effort as extensive as possible, having secured the co-operation of the churches, public officials and schools, all of which will be invited to give the names and addresses of suitable recipients of the dinners, irrespective of creed, etc.

The services of myself and comrades will be placed at the disposal of the fund for the collecting of the moneys, food, etc., and the preparation of the dinners for delivery.

Any gifts either in cash or food will be gratefully received by the honorary treasurer, or myself. We hope to be able to supply every application.

Thanking you for space in your valuable paper, I am,

Yours faithfully,
WM. T. SOCHON, Captain.

COAL SOARS—OPERATORS TO REALIZE FORTUNES

WILKES-BARRE, Pa., Oct. 16.—The cost of coal has taken another jump and independent operators are to realize fortunes on the prices demanded of the consumers. Stove and nut coal sizes were yesterday sold by independent operators for \$5.35 a ton, o. b. at the mines. This is an advance of \$1 over what has been considered a good price for the commodity except in times of strike and coal famines.

M. J. Healy, an independent operator, yesterday received an order from a Buffalo dealer, who voluntarily offered \$5.35 for nut and stove coal sizes.

"If the demand keeps up," said Mr. Healy, "I expect to see the price jump to \$5.50 before the week is over."

DECIDING DETAILS OF THE POLY HIGH PLANS

Architect Withey of Los Angeles Here Consulting With
School Authorities

The plans for the new polytechnic high school are advancing rapidly toward completion, though it will be some weeks yet before Architects Withey & Davis have them finished. Yesterday afternoon Architect Withey was here and met with some of the heads of the departments of the high school and went over with them details of the plans. Last night Withey met the board of education, and the details were further studied and explained. The architect has had frequent consultations with City Superintendent of Schools Cranston and High School Principal McMath.

The school board last night made further arrangements for the reception to be given at the high school on the evening of October 25 to the

teachers of the city. A program is to be arranged, and refreshments will be served.

LONG BEACH BANKS DISAGREE OVER HOURS

LONG BEACH, Oct. 16.—Negotiations, which have been pending for several months regarding the formation of a clearinghouse in this city have probably fallen through by reason of the refusal of some of the banks to agree to observe time-honored bank hours. The announcement of the Exchange Bank of open house Saturday night was followed by the announcement of the National Bank and its ally, the Savings and Trust Company, that hereafter both will be open from 8 o'clock a. m. to 5 o'clock p. m. daily and on Saturdays from 8 o'clock a. m. to 8 o'clock p. m., and it is probable that the other banks will follow suit.

\$500,000 HOTEL RUMORED TO BE BUILT AT OCEAN PARK

OCEAN PARK, Oct. 16.—The property on which the Decatur hotel stood before the fire was sold yesterday by A. R. Fraser to Adolphus Busch of St. Louis for \$215,000. It is reported that Mr. Busch will erect a huge hotel on the site that will cost about \$500,000. The deal, which had been under consideration for several weeks, was closed late yesterday afternoon.
